

FMC and cofunding information support for the maritime sector

Merja Salmi-Lindgren
Project Manager

Finnish Maritime Cluster
5.6.2018

Finnish Maritime Cluster

- The Finnish Maritime Cluster - forerunner of smart marine technologies and solutions
- As the maritime cluster companies operate amid vigorous international competition, competitiveness is crucial for them.
- Maritime has a great importance to the economy of Finland, and its success is beneficial to other industries.

Finnish Maritime Cluster

- Finnish Maritime Cluster consists of about 3,000 companies representing various maritime fields of business.
- Finland's maritime cluster is very diverse. It serves almost all global market segments, and value chains are a versatile combination of design, manufacturing, operations and support services.
- Finnish maritime cluster operates in cargo traffic -, cruise businesses-, car ferries and roro-traffic-, oil and gas offshore production-, renewable energy offshore production markets and authorities and other public demand.

Key figures

Finnish Maritime Cluster

FMC key actors

MARITIME TRANSPORT IS THE MOST ENVIRONMENTALLY FRIENDLY FORM OF TRANSPORT, THERE IS NO ALTERNATIVE SUBSTITUTIVE FORM OF TRANSPORT

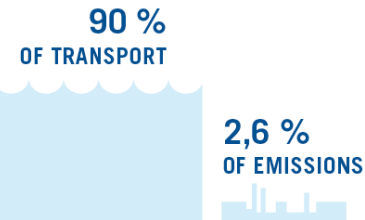

Finnish Maritime Cluster

Suomen Varustamot
Rederierna i Finland
Finnish Shipowners' Association

The objective of the shipowners is to **reduce emissions caused from shipping by 50% by the year 2050**. The Finnish shipowners are committed to reducing **nitrogen emissions**. **Sulphur emissions have already been reduced by 90%**. Finnish shipowners are the first in the world to start using new **environmental technology**: sulphur scrubbers, rotor sails and LNG.

Finnish Maritime Cluster

- Finnish maritime cluster has the potential to become a global leader, and a forerunner in sustainability and digitalization.
- The aim is to encourage maritime sector actors to create innovations through collaboration.
- The branch is also eager to secure the availability of skilled labour.

Funding Instruments and Funding Guides

- The Finnish Maritime Cluster aims to distribute information on different funding opportunities in the maritime sector.
- CEF, Horizon, COSME-SME, EMFF, Interreg, Baltic Sea Region Programme, Central Baltic Programme, Interreg Botnia-Atlantica, Northern Periphery and Arctic Programme, Interreg Nord, Interreg Europe
- National funding possibilities
