

PÄÄLLYSTEOHJELMA 2020

This map illustrates the road network in Finland, with a focus on the maintenance projects planned for the year 2020. The map is color-coded to show different types of roads and their respective maintenance needs. The legend indicates that red lines represent roads with a high need for maintenance, while blue lines represent roads with a lower need. The map also shows the locations of various municipalities and regions, including Helsinki, Tampere, and Oulu. The map is titled 'PÄÄLLYSTEOHJELMA 2020' (Road Maintenance Program 2020).
